

The mission of the Zoe Loren 'Make a Difference' Foundation is to enrich the lives of Palm Beach County children by providing opportunities for exploration and inspiration. The focus of our efforts is to provide these opportunities to at-risk and under-served youth in our community.

We believe that art serves as a powerful form of self-expression, allowing young individuals to explore their identities, emotions, and experiences. This creative outlet can foster confidence and resilience, helping them navigate the challenges they face in their daily lives. In addition, engagement in the arts enhances critical thinking and problem-solving skills, which are vital in both academic and personal development. Exposure to various artistic disciplines can spark interests and passions that lead to future educational and career opportunities.

The Zoe Loren Foundation will provide one annual grant of up to \$20,000 to a Palm Beach County 501 (c)(3) that provides opportunities in the arts for children (from kindergarten through high school seniors) from low-income backgrounds.
